

Sanju, 20 years old, is a very bright student and has been connected with BUDS since 2016 through a remedial education program. She had finished her exam of XII standard in the year 2019 and had taken admission in School of Open Learning Delhi University in 1st Year B.A Honours (Political Science) After that She express her wish to do something in computer education and Job oriented program of Bids for helping her family economically because her father is the only income source of her family of six members (2 sister and one brother) after counselling her BUDS enrolled her in Hospital Operation Executive six months course in Apollo. Medicare in Badarpur, Delhi, she was very regular in the class. She was very ambitious while she had joined the course in Medical line. She used to say that as a girl she should have the economic rights so that she can decide on her own. After successfully completing her course now she placed on 5th February-2020 and working in Deep Mala Hospital in Karol Bagh as a Hospital Operation executive and getting up ten thousand per month, now she is very happy to financially help her family.
